From 2010 to 2015, the CLBC paid the Coronado Senior Association (CSA) a portion of each member’s dues as a facility use payment per the Permit to Use Facility Agreement with the City of Coronado. When the building was demolished, the portion of the CLBC Membership dues began going to the City of Coronado for Facility Use.

From 2016 on, the CLBC Formula for payment to the City of Coronado is 1/3 for Green Replacement and 1/6 for Facility Use.
